

State of Vermont

Department of Libraries

Library Services & Technology Act

FY2001

Annual Report

Part A. Numerical/Landscape Data

This section is used to compile numerical information on grants, applications, and awards for the current fiscal year.

Table A-1	Public	School	Academic	Special	Multi-type	SLAA	Totals
Number of Eligible Applicants	195	360	24	17	0	1	597
Number of Eligible Applications	48	0	1	0	0	10	59
Amount Requested (\$)	\$110,389	\$0	\$10,000	\$0	\$0	\$560,868	\$ 681,257
Number of Grants Funded	31	0	1	0	0	10	42
Amount Awards (\$)	\$94,309	\$0	\$10,000	\$0	\$0	\$560,868	\$ 665,177

Definitions:

Eligible applicants include: public libraries, public elementary and secondary schools, academic libraries; research libraries who make publicly available library services and materials suitable for scholarly research and not otherwise available to the public and that are not an integral part of an institution of higher education; and a private library or other special library, but only if the State in which such private or special library is located determines that the library should be considered a library for purposes of this subchapter.

Number of eligible applications refers to the number of eligible requests for LSTA funds in any given fiscal year. This number includes: competitive and non-competitive grants, subgrants, contracts and cooperative agreements with eligible libraries and those projects/activities conducted within or by the State Library.

Table A-2	Purpose of LSTA	# Grants Awarded	Total Funds Awarded
Linkages Among Libraries - establish or enhance electronic linkages among or between libraries		1	\$63,173.00
Linkages With Others - link libraries electronically with educational, social or informational services		0	\$0.00
Accessing Information - assist libraries in accessing information through electronic networks		2	\$119,842.00
Consortia/Sharing - encourage libraries in different areas, and encourage different types of libraries to establish consortia and share resources		3	\$162,297.00
Computers/Telecommunications - pay costs for libraries to acquire and share computer systems and telecommunications technologies		32	\$102,119.00
Targeted Services - target library and information services to persons having difficulty using a library and to underserved urban and rural communities.		4	\$217,746.00
	Total	42	\$665,177

NOTE: Amount above does not include \$3,146 for program administration.

Project Description: We believe that the Department of Libraries/University of Vermont Access Office is a unique arrangement between a state library agency and a state land-grant institution. This arrangement allows the Department of Libraries (DOL) to make the resources of the University of Vermont (UVM) libraries available to libraries and their users on a statewide basis.

There is a long history of resource sharing among all types of Vermont libraries. In fact, in 1999, the last year for which statistics are available, the National Center for Educational Statistics (NCES), Vermont ranked 10th nationally in the number of interlibrary loans received per 1,000 population.

In the spirit of this long-standing tradition of resource sharing, the DOL/UVM Access Office was established in 1971. A formal agreement between UVM and DOL (see Attachment A below) provides an LSTA grant (\$10,000) to the University for expansion of its reference collections while providing for a DOL staff member to be housed at UVM's Bailey/Howe Library in order to make use of that library's resources to assist libraries statewide. DOL's staff member, a professional librarian, works 24 hours per week at the Bailey/Howe Library, and handles all in-state interlibrary loans to UVM from Vermont libraries of all types and makes use of that library's reference and other collections to assist Vermont's local libraries with their information needs.

DOL assumes all salary and benefit costs for its employee, as well as the cost of postage, photocopying, supplies and other office expenses for the processing of interlibrary loan requests to UVM from Vermont libraries.

In state fiscal year 2001 (July 1, 2000 – June 30, 2001), the DOL/UVM Access Office processed nearly 3300 requests for loans of, photocopies from, or information from materials in the UVM libraries' collections. About 50% of the requests came from academic libraries in Vermont, with the remainder coming from Vermont's public and school libraries.

Use of LSTA funds in the DOL/UVM Access Office in FFY2001 are as follows:

Grant to UVM:	\$10,000
DOL Staff	\$20,562
Interlibrary Loan/Office Expenses	<u>\$ 3,664</u>
TOTAL	\$34,226

Evaluation: Tell-it as well as statistics.

Attachment A

AGREEMENT FOR VERMONT LIBRARIES RESOURCE-SHARING SYSTEM

This agreement made and entered into by the State of Vermont, Department of Libraries (hereinafter called "Libraries") and the University of Vermont and State Agricultural College (hereinafter called "University") for the purpose of operating a Vermont Libraries Resource-Sharing System.

1. For its part the University agrees:

- (a) To provide Libraries' designated employee full use of University's library resources in a manner consistent with University's operating policies and regulations.
- (b) To furnish sufficient space for a desk, chair, file and any other equipment or furnishings necessary for Libraries' employee to perform effectively and efficiently assigned duties in an area within University's Bailey/Howe Library.
- (c) To bill Libraries for the following operating costs of Libraries' employee:
telecommunications charges and incidental costs for phone, postage, office supplies and copying services on a monthly basis. Copying services will be at the rate of 7 cents per photocopy and 15 cents per microprint copy.
- (d) University will use the grant to be provided by Libraries in a manner consistent with the expansion of reference capability, not duplicating resources already in existence at University or Libraries, through mutual understandings and agreement.

Amount Awarded: \$50,000		Check here if a statewide project	
<p>Description: Assist public libraries in achieving major upgrades to their integrated library automation systems in order to improve library services both locally and statewide.</p> <p>Eligible libraries are public libraries that currently have a large-scale (licensed for a minimum of 20 simultaneous users), integrated library automation system and are seeking to upgrade both the hardware and software for that system to accommodate improved services. These improved services must include, but are not limited to, providing an Internet accessible OPAC and access through Z39.50 client/server systems.</p> <p>The Rutland Free Library serves the City of Rutland and Towns of Rutland, Mendon, Tinmouth and Ira. The library serves a predominately English speaking community of 23,941. Some 14,662 are registered patrons. Each day it serves an average of 421 patrons entering into its single facility. The library has 86,916 titles (108,131 volumes) in its print collection. There are also more than 3,624 non-print items, including audio-cassettes, records, and videos. The library also subscribes to 307 current serials.</p> <p>After a competitive bid and formal evaluation process, the Rutland Free Library contracted with the SIRSI Corporation of Huntsville, AL and migrated from its late 1980's era MultiLis automated system to the SIRSI system. Total cost of project: \$117,336.</p> <p>This project is consistent with the Vermont Automated Libraries System (VALS) goals providing for access to statewide bibliographic databases for local libraries and for individuals directly. The online catalog of the Rutland Free Library now accessible through VALS (http://web2.dol.state.vt.us) on the "multiple library search" menu using the Z39.50 server protocol. The Rutland Free Library makes its collections available to other Vermont libraries for resource sharing. The system can also be accessed at: http://www.rutlandfree.org.</p> <p>[Computers/Telecom - \$50,000]</p>

FINANCIAL STATUS REPORT (Long Form)

Public reporting burden for the collection of information is estimated to average 30 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding the burden estimates or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0039), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET.

Please type or print legibly. The following general instructions explain how to use the form itself. You may need additional information to complete certain items correctly, or to decide whether a specific item is applicable to this award. Usually such information will be found in the Federal agency's grant regulations or in the terms and conditions of the award (e.g., how to calculate the Federal share, the permissible uses of program income, the value of in-kind contributions, etc.). You may also contact the Federal agency directly.

Item	Entry	Item	Entry
1, 2 and 3	Self-explanatory.	10c	Enter the amount of program income that was used in accordance with the deduction alternative.
4	Enter the Employer Identification Number (EIN) assigned by the U.S. Internal Revenue Service.	Note:	Program income used in accordance with other alternatives is entered in lines q, r, and s. Recipients reporting on a cash basis should enter the amount of cash income received; on an accrual basis, enter the program income earned. Program income may or may not have been included in an application budget and/or a budget on the award document. If actual income is from a different source or is significantly different in amount, attach an explanation or use the remarks section.
5	Space reserved for an account number or other identifying number assigned by the recipient.		
6	Check yes only if this is the last report for the period shown in item 8.		
7	Self-explanatory.		
8	Unless you have received other instructions from the awarding agency, enter the beginning and ending dates of the current funding period. If this is a multi-year program, the Federal agency might require cumulative reporting through consecutive funding periods. In that case, enter the beginning and ending dates of the grant period, and in the rest of these instructions, substitute the term "grant period" for "funding period".	10d.	e, f, g, h, i, and j. Self-explanatory.
9	Self-explanatory	10k.	Enter the total amount of unliquidated obligations, including unliquidated obligations to subgrantees and contractors. Unliquidated obligations on a cash basis are obligations incurred, but not yet paid. On an accrual basis, they are obligations incurred, but for which an outlay has not yet been recorded.
10	The purpose of columns I, II and III is to show the effect of this reporting period's transactions on cumulative financial status. The amounts entered in column I will normally be the same as those in column III of the previous report <i>in the same funding period</i> . If this is the first or only report of the funding period, leave columns I and II blank. If you need to adjust amounts entered on previous reports, footnote the column I entry on this report and attach an explanation.		Do not include any amounts on line 10k that have been included on lines 10a and 10j. On the final report, line k must be zero.
10a	Enter total gross program outlays. Include disbursements of cash realized as program income if that income will also be shown on lines 10c or 10g. Do not include program income that will be shown on lines 10r or 10s. For reports prepared on a cash basis, outlays are the sum of actual cash disbursements for direct costs for goods and services, the amount of indirect expense charged, the value of in-kind contributions applied, and the amount of cash advances and payments made to subrecipients. For reports prepared on an accrual basis, outlays are the sum of actual cash disbursements for direct charges for goods and services, the amount of indirect expense incurred, the value of in-kind contributions applied, and the net increase or decrease in the amounts owed by the recipient for goods and other property received, for services performed by employees, contractors, subgrantees and other payees, and other amounts becoming owed under programs for which no current services or performances are required such as annuities, insurance claims, and other benefit payments.	10l.	Self-explanatory.
		10m.	On the final report, line 10m must also be zero.
		10n.	o, p, q, r, s and t. Self-explanatory.
		11a.	Self-explanatory.
		11b.	Enter the indirect cost rate in effect during the reporting period.
		11c.	Enter the amount of the base against which the rate was applied.
		11d.	Enter the total amount of indirect costs charged during the report period.
		11e.	Enter the Federal share of the amount of 11d.
		Note:	If more than one rate was in effect during the period shown in item 8, attach a schedule showing the bases against which the different rates were applied, the respective rates, the calendar periods they were in effect, amounts of indirect expense charged to the project, and the Federal share of indirect expense charged to the project to date.
10b	Enter any receipts related to outlays reported on the form that are being treated as a reduction of expenditure rather than income, and were not already netted out of the amount shown as outlays on line 10a.
